

Samuel Myres

B.S.Comp.Sci. and years of learned careful attention to detail shipping software

EXPERIENCE

Wildfire, Solana Beach, CA (*Remote*) — Go Software Engineer

MARCH 2022 - April 2026

- Fixed, built, improved, and tested Go software in GCP Kubernetes workloads, cron jobs, Pub/Sub queues, batched billing processes, and Postgres databases.
- Pioneered AI-augmented development workflows, leveraging LLMs to accelerate code generation, testing, and system documentation while maintaining a critical eye
- Participated in on-call rotations, monitoring and triaging for the K8s clusters and DBs
- Built and maintained internal dev tooling for more testing workflow
- Participated in pull request reviews and helped on topics of subject matter expertise

Metronet, Evansville, IN — Software Engineer

SEPTEMBER 2020 - NOVEMBER 2021

- Built, modified, and fixed Perl batch reporting scripts, intranet webapps, and integration for critical GPON deployment infrastructure
- Worked internal support queue, learned Oracle SQL

Freelance Lyft/Uber, Denver, CO — Gig Driver

APRIL 2018 - SEPTEMBER 2020

- Kept a driver rating above 4.9 / 5
- Built social skills and met my neighbors in Evansville, IN and Denver, CO.

The MENTOR Network, Evansville, IN — DSP

JUNE 2017 - MAY 2018

- Provided Care for intellectually disabled adults especially supervision of medication adherence and transport to medical appointments
- Weekly shopping, cleaning and attending to daily chores
- Taught basic food preparation and cleaning skills

Otlay Interactive & Clients, Denver, CO (*Remote*) — Full Stack Developer

JUNE 2014 - MAY 2018 (Part Time 3 years, Full Time 9 months)

- Built web crawlers for food and drink specials
- Built a custom Wordpress plugin for a job listings website
- Migrated external APIs used for payments
- Built features & maintained a referred client's fantasy baseball statistics website

EDUCATION

University of Southern Indiana — B.S. Computer Science

- Electives taken in Unix/C, Android, Python
- Learned Primarily C#, C, Java, Python, ASP.NET, HTML, CSS and SQL

802B Henton St.
Livermore, KY 42352
